

Phytocannabinoid Mixture 5 (CRM)

Cat No: 25076 - 1 ea

General Data

Shipping: dry ice

Formulation: A solution in acetonitrile (500 µg/ml of each compound)

Special advice: Reference Materials RMs and Certified Reference Materials CRMs are dispatched directly to the end-user in accordance with ISO requirements. Please check regulation status before ordering; additional fees can apply.

Product Overview

Phytocannabinoid Mixture 5 (CRM) (Item No. 25076) is a certified reference material mixture that contains compounds that can be isolated from plants in the genus *Cannabis*. The mixture is supplied in an amber ampule in which the headspace has been purged with argon. It is designed for use as a reference standard for these major controlled substances during routine analytical checks using HPLC-UV or LC- or GC-MS instrumentation. This product is intended for research and forensic applications. Phytocannabinoid Mixture 5 (CRM) (Item No. 25076) is provided as a DEA exempt preparation. Included are Δ⁹-THC, THCA-A, cannabidiol, cannabidiolic acid, and cannabinol. Cayman Chemical products containing Certified Reference Material (CRM) in the name are highly qualified materials manufactured and tested to meet ISO/IEC 17025 and ISO Guide 34 international guidelines for reference materials. These materials are tested using validated analytical methods on qualified instrumentation to ensure traceability to SI units of measure. Cayman's CRMs are tested for Homogeneity and Stability and are provided with a certificate stating the CRM property value(s) along with the combined uncertainty of the property value(s). These materials are intended for quantitative applications where quantitative accuracy and uncertainty are critical. Cayman Chemical is committed to providing quality products to its customers as evidenced by its accreditation to the ISO/IEC 17025 and ISO Guide 34 standards. All traceable CRMs may be distinguished by their CofAs and can be downloaded below using the batch number located on the product label. For a representative CofA please contact our technical support.

FP/06/24

For research laboratory use only – Not for human diagnostic use.

Buyers agree to purchase the material subject to Purchasing Terms that can be found on our website. Seek appropriate training to safely handle this product under normal conditions. Use the recommended personal protective equipment to prevent chemical exposures.
