

Product Information

Trapoxin A

Cat No: 26243 - 1 mg

General Data

Shipping: dry ice

Formulation: A solid

Purity: ≥98%

Product Overview

Trapoxin A is a cyclotetrapeptide histone deacetylase (HDAC) inhibitor.^{36959} It inhibits HDAC activity in a concentration-dependent and irreversible manner. Trapoxin A inhibits proliferation of NIH3T3 cells transformed by the oncogene v-sis (sis/NIH3T3; IC₅₀ = ~200 ng/ml) and has detransformation activity, flattening sis/NIH3T3 cells when used at a concentration of 1 ng/ml.^{21167} It also halts the cell cycle at the G2 phase in 3Y1 fibroblasts when used at a concentration of 10 nM and inhibits growth of TR303 cells resistant to trichostatin A (Item No. 89730) at a concentration of 50 ng/ml.^{36959}
