Product Overview

Cocaine/Heroin/Methamphetamine Mixture (CRM) (Item No. 9002662) is a certified reference material that contains a mixture of the major alkaloid, opioid, and amphetamine compounds regulated as controlled substances in the United States. It is designed for use as a reference standard for these major controlled substances during routine analytical checks of LC-MS or GC-MS instrumentation. This product is intended for forensic and research applications.

FP/13/24

For research laboratory use only – Not for human diagnostic use.

Buyers agree to purchase the material subject to Purchasing Terms that can be found on our website. Seek appropriate training to safely handle this product under normal conditions. Use the recommended personal protective equipment to prevent chemical exposures.

Bertin Bioreagent does not make any other warranty or representation whatsoever whether expressed or implied, with respect to these products. In no event will Bertin Bioreagent be liable for incidental, consequential or punitive damages.
